

## Strengthening institutional collaboration on surveillance and enforcement in coastal and marine Natura 2000 sites

- **OVERALL OBJECTIVE:** Increase collaboration within institutions involved in surveillance and enforcement to improve governance of the coastal and marine Natura 2000 network.
- **DURATION:** 17 months
- **PARTNERSHIP:** LP Sunce (Lead Partner) (Croatia), Municipality Ugento (Italy)

## WORK PACKAGE 1 Situation analysis and stakeholders' engagement

**WP 1 Specific objective:** Increase the level of understanding of common challenges in achieving efficient surveillance and enforcement in coastal and marine Natura 2000 sites.

A1.1 Institutional and legal framework analysis of existing capacities to control priority pressures arising from human activities in coastal and marine Natura 2000 sites.

A1.2. Developing solutions with key stakeholders

## WORK PACKAGE 2 Enhancing collaboration in solutions implementation

**WP 2 Specific objective:** Improve capacities and collaboration in the implementation of solutions for improving surveillance and enforcement of coastal and marine Natura 2000 sites.

**Communication objective:** Increase understanding of decision makers and key stakeholders of the steps needed to improve enforcement and surveillance as a basis for marine and coastal Natura 2000 efficiency.

A 2.1 Capacity building trainings - 4

A.2.2. Direct joined actions - 2

A 2.3. Communicating identified gaps, solutions and future steps

A 2.4. Project Final Conference

## **CROSS-BORDER INTEGRATED STRATEGY TO REDUCE BIODIVERSITY LOSS DUE TO ANTHROPOGENIC PRESSURES ALONG ADRIATIC COAST**

**Specific objective:** Test and put into practice a common cross-border strategy for reducing impacts of seaside and nautical tourism on coastal biodiversity, declined through a series of actions to define a rapid assessment of site quality and pressures, establish a stakeholder network including public managers, raise awareness, actively mitigate habitat disturbance.

**WP 3 Habitat pressures assessment and strategy development through stakeholders' collaboration**

**WP 2 Reaching integrated solutions for coastal habitat impact mitigation**

**WP 3 Capacity building and decision maker support**

**Italy – Croatia**
